## New Business:

1. Ramp App – this has everything under the sun, it exceeds team snap, it could possibly do scheduling, we wouldn't need game cards, it keeps track of the percentage of games the kids play and it's easily accessible to the coaches. It is a Canadian company and some large organizations use it. It costs \$500 for registration and approx.. \$600 yearly fee. Steve will look into this more.
2. Special Request – when a team is short numbers, can we start pulling across. With restriction on pitching and catching. WOBA does this and they could have a protocol in place concerning this. This would only be for regular season, not playoffs. Steve Warmington will look into the protocols for this and email will be sent out accordingly.
3. Next meeting is Sept 15<sup>th</sup> at 1:30 pm at the Elora Legion
4. Convenor Meeting following this
5. Please pay Shirley.
