Centres with no Over-agers:

- | | | |
|-----------------------|---------------|--------------|
| 1. Arthur | 5. Mildmay | 9. Walkerton |
| 2. Chepstow | 6. Priceville | 10. Wingham |
| 3. Drayton/Moorefield | 7. Puslinch | |
| 4. Listowel | 8. Rockwood | |

** A concern about so many overagers in Minto Mixed Mites was brought up. Suggestions about pulling up to form 'other' teams or pulling across to form 2 teams to make it work, but Minto has exhausted all options. With much discussion a vote was taken to allow the 2006 player to play, with a majority vote 12 to play and 11 against ***PLEASE HAVE COACH AT ALL GAMES ANNOUNCE THE 2006 OVER AGE PLAYER*** A vote was taken that the other 5 players be allowed to play down - all in favor.

(All other players in the centres have been approved... please mark on ALL game sheets OA for overage players that have been approved on the list above.)
